Hiring Manager

Siemens

Dear Hiring Manager,

I am writing to express my interest in the Python Developer Internship at Siemens.

With a strong foundation in Python, Django, SQL, and backend development—as demonstrated through my academic projects and my internship experience at Affiminitus Technology—I am confident in my ability to contribute effectively to your engineering team.

In my previous role, I worked on backend components of web applications, implemented CRUD operations, integrated APIs, and collaborated across teams to deliver efficient, scalable functionality. I have also developed a Coaching Management System, where I designed database structures, handled backend workflows, and improved overall system performance.

I am highly motivated to apply my technical skills, learn from industry experts at Siemens, and contribute to innovative solutions aligned with the company's technological vision.

Thank you for considering my application. I would appreciate the opportunity to discuss how I can support your team and am available at your convenience.

Sincerely,

Madhusudan Chandrawanshi
